## MEMORANDUM

---

**To :** All clients  
**From :** Administration  
**Subject :** Doctors signature  
**Date :** February 20, 2012

---

Dear Client,

CDL Laboratories is obligated to follow strict regulatory guidelines.

One of those guidelines is to ensure that all diagnostic laboratory services performed by CDL are in a response to a requisition signed by a physician. Also accepted is the original requisition or a copy of said requisition attached to the CDL requisition.

Please remember to properly complete and sign the requisition. If there are discrepancies between the original requisition and CDL's requisition, only the tests/profiles that are transcribed onto the CDL requisition will be ordered for the patient.

Please do not hesitate to contact us if you have any questions.

The Administration
